SHONTEL M. LEWIS

BIOGRAPHY

Shontel M. Lewis remains in gratitude to be born and raised in beautiful Colorado, in the historic Five Points neighborhood. She is an advocate of social equity and racial justice, and a long-time community leader and learner. Shontel's pursuit of justice and fairness is fueled by her belief that our work must center our most vulnerable and marginalized citizens. In that vein, her work begins with; and centers advocacy for those closest to the pain and working to remove barriers that bring them closer to the power and ultimately the decision-making. She currently serves as the VP of Equity, Inclusion and Diversity for the Colorado Coalition for the Homeless and Chairs the Civil Performance Committee on the Board of the Regional Transportation District.

She is founder of Accountability for Greatness; a small business that provides coaching, facilitation, consultations, workshops and keynote addresses on the intersections of disciplines and topics such as transit and transportation, racial equity, social justice, strategic planning, education, housing & homelessness and diversity/retention practices.
