

Understanding Small Enterprises Conference

Worker Well-being and Sustainable Business Health: From Ideas to Achievable Reality

Denver, Colorado | October 25–27, 2017

Engagement. Happiness. Productivity. There are many ways small enterprises benefit from creating safer and healthier workplaces. That's why small businesses, researchers, students, and public health professionals from around the globe will come together at USE 2017 to understand the unique needs of small businesses and share strategies for cultivating healthy work environments. With presentations on the latest research in workplace health and safety, networking opportunities, and in-depth trainings on bringing safety and wellness to work, attendees will gain valuable training and lasting connections at this event.
